SESSION I

Why does Genesis matter?

with Scott Gillis

1. 1 Peter 3:15 commands believers to always be prepared with a defense of their faith. This preparation is important because:
 - a. Believers are better equipped to answer unbeliever's questions and challenges
 - b. Believers are more confident to share the Gospel
 - c. They can help build the faith of other believers
 - d. All of the above
2. The Bible is made up of how many books?
3. There are over _____ cross references between the books of the Bible.
4. True or False: When God created the world, there was no sorrow, death or pain.
5. According to the Bible, why does everyone die in the world?
 - a. Adam disobeyed God's command
 - b. Every descendant of Adam inherited that sin nature
 - c. The penalty of sin is death
 - d. All of the above
6. How many times does the New Testament reference the book of Genesis? _____
7. The New Testament authors saw Genesis as the _____ of the Gospel.
8. John's Gospel opens with the phrase _____, clearly linking the Gospel to _____.
9. John 1:3, 10 and Colossians 1:16 clearly demonstrate that _____ was the Creator in the beginning.
10. Jesus' genealogy in Luke 3 goes all the way back through his ancestors to what person?
 - a. King David
 - b. Abraham
 - c. Adam
 - d. Noah

11. The New Testament clearly sees Adam, “The First Man”, as:
 - a. A descendant of non-human hominids
 - b. An allegory for the one human that God chose to represent early man
 - c. The first man, created by God, from the dust of the ground
 - d. None of the above
12. True or False: Jesus and the New Testament writers took the origins account recorded in Genesis as literal, real historical events.
13. True or False: When the New Testament authors refer to the penalty of sin being death, they are implying only a ‘spiritual death’ not physical death.
14. The Apostle Paul’s approach to the Gentiles in Acts 17, compared to Peter’s approach to the Jews in Acts 2, teaches us:
 - a. Our culture today more closely reflects the ‘Greeks’ rather than the Jews.
 - b. We must first build the foundation of the creation account in Genesis to effectively explain the Gospel
 - c. The Jews better understood the foundational concept and cause of ‘sin’
 - d. All of the above
15. True or False: The documentary *Fallout!* demonstrated that most youth that regularly attended church in the past but who no longer do so, had not been exposed to scientific evidence that supports the historical account of biblical creation.
16. Operational (experimental) science uses the “scientific method” and includes:
 - a. Testing
 - b. Recording data
 - c. Repetition
 - d. All of the above
17. True or False: Historical science is sometimes referred to as Forensic science.
18. Which worldview has the most facts?
 - a. Evolution
 - b. Biblical creation
 - c. Neither
19. In science, a “presupposition” is:
 - a. A tactic used in scientific debate
 - b. An assumption used when observing the facts
 - c. The best way to initiate a scientific experiment
 - d. All of the above

20. 1 Peter 3:15 also warns us to share a defense of our faith with an attitude of:

- a. Love
- b. Respect
- c. Gentleness
- d. b and c

SESSION 2

Introduction to Genesis: Author, date, structure, genre

with Dr Jonathan Sarfati

1. List some of the false views refuted by Genesis 1:1

2. The first premise of the Kalām argument is: “Everything which has a _____ has a _____.”
3. True or False: Atheistic philosopher David Hume asserted that something could begin without a cause.
4. The two main inventors of the Documentary Hypothesis are _____ and _____.
5. According to the Documentary Hypothesis, what four letters are used to represent the claimed authors of the Pentateuch (Genesis–Deuteronomy)? ____ ____ ____ ____
6. The name used for God in the Prophets but not in the Pentateuch was “The _____ of _____.”
7. Why is it important that the Pentateuch (the first five books of the Bible) compares Jordan to Egypt, and Hebron to Zoan in Egypt?
 - a. It helps confirm that Moses composed the Pentateuch first to Israelites escaping from slavery in Egypt
 - b. That Egypt was the reference point of the history recorded in the Pentateuch
 - c. It helps confirm it was written before Jerusalem was an established city in Israel.
 - d. All of the above
8. Whom did Jesus think was the author of the Pentateuch?
 - a. David
 - b. Ezra
 - c. Moses
 - d. Paul
9. True or False: When Genesis 10:19 states “... in the direction of Sodom ...” it is clear that Genesis was written before God destroyed Sodom.

10. The Flood account and the Peter Piper Picked tongue-twister are examples of what type of literary structure? _____
11. What does “Toledot of Noah” mean?
 - a. What follows from Noah
 - b. What came before Noah
 - c. The legend of Noah
 - d. We have no way to know
12. How many toledots are there in Genesis? _____
13. True or False: The first toledot of Genesis regards ‘What followed from Creation’.
14. True or False: Genesis 1–11 is a totally different type of literature from 12–50.
15. Luke’s genealogy of Jesus (Luke 3) treats the ancestors in Genesis 5 and 11 as:
 - a. Allegorical
 - b. Mythical heroes
 - c. Historical people
 - d. We have no way to know
16. The main feature of Hebrew poetry in the Bible is called _____.
17. What sort of verb is most common in Hebrew historical narrative in the Bible? _____
18. What type of literature is Genesis?
 - a. Poetry
 - b. Parable
 - c. Allegory
 - d. Historical narrative
19. According to the Sabbath commandment of Exodus 20:8–11, the days of Genesis 1 were:
 - a. Billions of years long
 - b. The same length as the days of our week
 - c. Not historical
 - d. Not consecutive
20. True or False: Paul in 1 Timothy 2:13 treats Adam and Eve as real historical people.

SESSION 3

Day I: The creation of the world

with Gary Bates

1. What can we learn from the first verse of Genesis?
 - a. The creation is eternal
 - b. God preceded the creation that He made
 - c. Satan was there at the beginning
 - d. There were billions of years before God created
2. God is the _____ of time and is _____ of time.
3. True or False: The light created on Day 1 was the sun.
4. What does Genesis use as a framework for defining and measuring time?
 - a. The entire universe
 - b. The earth's perspective
 - c. The edge of the universe
 - d. God's perception of time
5. The _____ Hypothesis says that Genesis expresses truth poetically.
6. The Gap Theory inserts billions of years of deep time between Genesis 1:1 and 1:2 because:
 - a. They think the rock layers are a history of billions of years
 - b. The grammar of Genesis itself teaches it
 - c. The KJV translation of Genesis 1:28 has the word 'replenish'
 - d. a and c
7. True or False: A sound principle of interpretation is to interpret Scripture by Scripture.
8. The Hebrew word *bara* means _____ and the word *asah* means _____.
9. True or False: All long-age interpretations of Genesis 1 deliberately or inadvertently put death before the Fall.
10. How did the New Testament authors interpret Genesis?
 - a. As historical narrative
 - b. As an exhaustive account of how God created
 - c. As poetry
 - d. As a polemic against idolatry

11. True or False: The new heavens and earth will literally be a restoration of the original 'very good' creation.
12. Some challenge that _____ could not have survived before the sun was created.
13. The ages given in the Genesis genealogies
 - a. Are obviously not meant to be taken literally
 - b. Come from Mesopotamian legends
 - c. Can be added up to provide a timeline of history
 - d. Are eschatological in nature
14. The genealogies of Genesis 5 and 11 are known as _____.
15. True or False: There are many gaps in the Genesis genealogies that could allow for millions of years.
16. In Mark 10:6, Jesus uses creation to establish the doctrine of
 - a. Baptism
 - b. Marriage
 - c. Races
 - d. Monotheism
17. The maximum age of the earth from any ancient biblical manuscript or text is about
 - a. 6500 years
 - b. 7800 years
 - c. 10,000 years
 - d. 14.5 billion years
18. True or False: Carbon-14 dating can be used to date things that are billions of years old.
19. All dating methods rely on _____ about the past that no one was able to observe.
20. True or False: Although dinosaur fossils have secular 'dates' of millions of years, some have been found with soft tissue or carbon-14.

FURTHER CONSIDERATION

What was the most surprising thing you learned from this session?

Why is this important?

ANSWERS.....

| 10. a | 20. True |

SESSION 4

Days 2 and 3: The creation of dry land and plants

with Keaton Halley

1. What was the first thing God made on Day 2?
 - a. Plants
 - b. Light
 - c. An expanse
 - d. Water
2. God called the expanse _____.
3. True or False: The Bible depicts the sky as a solid dome over a flat earth.
4. According to the _____ model, the waters above collapsed at the time of Noah's _____.
5. Problems with the vapour canopy model include:
 - a. Psalm 148:4 refers to waters still above the heavens after the Flood
 - b. Genesis 1:14 states that on Day 4 the sun, moon, and stars were placed *in* the expanse
 - c. The vapour canopy does not explain the long lifespans in the Genesis genealogies
 - d. The greenhouse effect would make the earth inhospitable to life
 - e. All of the above
6. True or False: On Day 2, God pronounced His work "good".
7. On Day 3, God called the dry land _____.
8. True or False: God called the waters gathered under the heavens "seas".
9. What did Antonio Snider-Pellegrini propose in 1858, before Charles Darwin published *The Origin of Species*?
 - a. A pre-Flood supercontinent
 - b. The earth hangs on nothing
 - c. Genesis is mythology
 - d. Plants and animals evolved from simpler forms of life
10. True or False: The order of events in Genesis 1 perfectly matches the order according to evolutionary history.
11. According to evolution, death was in the world long before the origin of _____.

12. The Hebrew term *nephesh chayyah*, meaning 'living creatures', is used to refer to:
 - a. Plants
 - b. Animals
 - c. People
 - d. b and c
 - e. All of the above
13. Genesis 1:12 teaches that God created distinct types of plants, each with seed according to its _____.
14. Evolutionists believe in a _____ of life, while creationists believe in an _____ of life.
15. The Ginkgo tree and the Wollemi pine tree are examples of:
 - a. Extinct plants
 - b. Variation within one biblical kind
 - c. Living fossils
 - d. Genetically modified organisms
16. All living things contain DNA, which itself carries genetic _____.
17. True or False: Complex information points to an intelligent source.
18. Because a ribosome must be present to 'read' the instructions for building a ribosome, this leads to a serious _____ and _____ problem for evolution.
19. True or False: Scientists have surpassed the efficiency of plants by creating their own artificial photosynthesis.
20. Science confirms that life has a _____.

FURTHER CONSIDERATION

What was the most surprising thing you learned from this session?

Why is this important?

ANSWERS.....

- | | |
|-------------------------|-------------------|
| 1. c | 11. humans |
| 2. heaven | 12. d |
| 3. False | 13. kind |
| 4. vapour canopy; Flood | 14. tree; orchard |

| 8. True | 18. chicken; egg |
| 9. a | 19. False |
| 10. False | 20. Creator |

SESSION 5

Day 4: The creation of light-givers

with Dr Jonathan Sarfati

1. How can we know that the earth's axis was already tilted at Day 4?
 - a. Earth's tilt is required to activate core magnetism
 - b. The luminaries were signs for seasons, which require axial tilt
 - c. We could not observe other stars without the earth's tilt
 - d. All of the above
2. True or False: According to Giorgio de Santillana, secular ideas were the clearest opposition to Galileo.
3. The Sun is:
 - a. One of the smallest stars
 - b. One of the largest stars
 - c. One of the faintest stars
 - d. In the top 10% of all stars by mass
4. True or False: Galaxy surveys show distinct cluster patterns, indicating our galaxy is at or near the center of the universe.
5. True or False: The medieval church believed that the earth was tiny compared to the size of the universe.
6. Isaiah 45:18 states that God created/formed the earth to be _____.
7. Ideal design features of the sun include it being the right _____ and _____.
8. True or False: If the sun and earth had existed billions of years ago, the sun would have been much cooler back then.
9. How does a spinning ice skater undermine the nebular hypothesis?
 - a. As her arms come in, she spins faster, so if the solar nebula had contracted, the sun should be spinning fast, not slow
 - b. Contradiction of the law of conservation of angular momentum
 - c. a and b

10. What are some evolutionary theories for the origin of the moon?
 - a. Capture
 - b. Fission
 - c. Impact
 - d. All of the above
11. True or False: Calculating the moon's recession rate indicates that it could not have formed billions of years ago as stated by evolutionary ideas.
12. The main 'coincidences' required for a total solar eclipse include: the sun must be 400 times _____ than the moon, and 400 times _____?
13. According to Astrophysicist Neil DeGrasse Tyson, what are some problems with the evolutionary idea of star formation from gas clouds?
 - a. Rotation prevents collapse
 - b. Gas pressure prevents collapse
 - c. Magnetic fields prevent collapse
 - d. All of the above
14. How many galaxies would big bang theorists predict looking back 9 billion years? _____
15. True or False: A planet must be in a star's habitable zone to support life.
16. What are some fundamental constants that must be very finely tuned for earth to support life?
 - a. Electromagnetic coupling constant
 - b. Proton/electron mass ratio
 - c. All of the above
17. Name 3 of the 7 features listed that indicate the earth is ideal for life.

18. Big bangers have their own problem of many more light years than years, according to their theory. What is this problem called? _____
19. What are some hypothetical entities needed for the big bang to work?
 - a. Dark matter
 - b. Inflation
 - c. Dark energy
 - d. All of the above

20. True or False: According to Einstein's Theory of Relativity, gravity affects time.

FURTHER CONSIDERATION

SESSION 6

Days 5 and 6: The creation of air, sea, and land creatures

with Dr Robert Carter

1. What did God create on the 5th day of Creation week?
 - a. Sun, moon, and stars
 - b. Things that fly and things that swim
 - c. Plants
 - d. Land animals and man
2. The Hebrew phrase *nephesh chayyah* basically means “_____”.
3. The Hebrew word transliterated *oph* basically means “_____”.
4. Identify the animals created on Day 5, before land animals on Day 6, that demonstrates a contradiction with the evolutionary long-age story.
 - a. Whales
 - b. Bats
 - c. Pterosaurs (flying reptiles)
 - d. Birds
 - e. All of the above
5. God designed birds with amazing features created specifically for flight, including:
 - a. Bones that are strong, light, and hollow
 - b. Unique, super-efficient lungs where air flows in one direction
 - c. Light, strong, and flexible feathers
 - d. All of the above
6. True or False: Genesis can be read like a taxonomy textbook.
7. The biblical concept of “created kind” is best associated with the term:
 - a. Evolutionary tree of life
 - b. Creation orchard
 - c. Species
 - d. We can’t know
8. The word _____ has been given many definitions, but basically means ‘a group of things that can interbreed’.

9. What did God create on the 6th day of Creation week?
 - a. Sun, moon, and stars
 - b. Things that fly and things that swim
 - c. Plants
 - d. Land animals and man
10. True or False: Members of a taxonomic species can often reproduce with members of a different species. (Hint: Lions and tigers are separate taxonomic species.)
11. We see much _____ within kinds, invalidating the old concept referred to as the 'fixity of species'.
12. True or False: Adam had to name every species on earth prior to the creation of Eve.
13. What did God give animals to eat in the beginning?
 - a. A diversity of things
 - b. Meat only
 - c. Plants only
 - d. We do not know/The Bible does not say
14. True or False: Most dinosaurs were ferocious meat eaters.
15. Exaptation is the idea that:
 - a. Adaptation is limited
 - b. Species can sometimes adapt out of their normal environment
 - c. The same type of body parts can be used for a variety of purposes
 - d. All species will go extinct
16. The fact that brown bears and polar bears can interbreed indicates that all bears are part of one created _____.
17. The book of _____, chapter _____, contains a description of something that sounds like a sauropod dinosaur.
18. True or False: There is archaeological and historical evidence for humans living with dinosaurs.
19. Some of the evidences that man lived with dinosaurs given in this session include:
 - a. A 15th-century dinosaur-like etching on the floor of Carlisle Cathedral
 - b. Sauropod-like creatures on an ancient Babylonian seal
 - c. An 800-year-old stegosaurus-like stone carving on a Cambodian temple wall
 - d. All of the above

20. An indication of common design, and not common ancestry, is that similar anatomical parts:
- Always arise in the same ways in all species
 - Can develop along different pathways
 - Can sometimes be controlled by different genes
 - b and c

FURTHER CONSIDERATION

What was the most surprising thing you learned from this session?

Why is this important?

ANSWERS.....

- | | |
|--|---------------|
| 1. b | 11. variation |
| 2. "living things" or "breath of life" | 12. False |
| 3. "things that fly" | 13. c |

SESSION 7

Day 6: The creation of mankind

with Gary Bates

1. What is the relationship of Genesis 1 to Genesis 2?
 - a. Genesis 2 is a second account of creation
 - b. Genesis 1 and 2 contradict each other
 - c. Genesis 2 was written by a different author
 - d. Genesis 2 gives us a more detailed account of Day 6
2. Genesis 2:5 refers to _____ plants.
3. True or False: There was no rain before the Flood.
4. The cycle of evaporation and rainfall is called the _____ cycle, which was operative in Genesis 2.
5. Genesis 2:19 teaches:
 - a. God used evolution to create all the animals
 - b. God created the animals on Day 6 after creating man
 - c. God brought the animals he had created previously to Adam
 - d. God thought an animal would be a suitable helper for Adam
6. God created man in His _____.
7. In what ways are humans God's image-bearers?
 - a. Mental likeness
 - b. Moral likeness
 - c. Social likeness
 - d. Spiritual likeness
 - e. All of the above
8. Humans have dominion over:
 - a. All non-human physical creation
 - b. The physical and spiritual realm
 - c. All creation including other humans
 - d. Nothing
9. The dominion mandate inspired the founders of many branches of _____.

10. True or False: Adam was able to name every kind of livestock, bird, and land animal in a single day.
11. Adam and Eve were:
 - a. Two representatives of a larger population
 - b. The first human beings to have souls, who descended from prior hominids
 - c. The first two humans and the ancestors of every other human being
 - d. Myths based on Mesopotamian creation stories
12. True or False: Men have one less rib in their body than women.
13. The rib is the only bone that can _____.
14. God's creation of one man and one woman forms the foundation of _____ and _____.
15. Humans originally ate:
 - a. Only plants/vegetation
 - b. Only meat
 - c. Anything
 - d. A kosher diet
16. True or False: You can always tell what an animal was created to eat by looking at its teeth.
17. Many individuals from some _____ species can eat a _____ diet even today.
18. What is true about the location of Eden?
 - a. It is described as a real place on Earth
 - b. It is mythological, based on the construction of the Israelite temple
 - c. It is not findable on today's post-Flood globe
 - d. a and c
19. True or False: There was work before the Fall, but it was easy and pleasant.
20. The _____ was the means for Adam and Eve to stay alive, and it will flourish in the New Earth.

SESSION 8

The Fall: A cosmic catastrophe

with Joel Tay

1. God told Adam that he could eat from any tree in the Garden except for the Tree of _____.
2. True or False: In the first temptation by the Serpent, a literal translation of Genesis 3:1b reads, "... Did God actually say, 'you shall not eat of all the trees in the garden?'"
3. Adam died when he was _____ years old.
4. We know Genesis 3:19 speaks about physical death because it says: For you are _____, and to _____ you shall return!
5. This phrase, often translated in Genesis 2:17 as "You will surely die" is to be understood in the ingressive sense. That is, the sentence is best understood as:
 - a. You will die immediately
 - b. You will only spiritually die
 - c. You shall surely begin to die
 - d. You might die
6. Adam is called the first _____ in 1 Corinthians 15:45.
7. In preaching the Gospel in 1 Corinthians 15:21–22, Paul says that "For as by a man came _____, by a man has come also the resurrection of the dead. For as in Adam all _____, so also in Christ shall all be made _____."
8. True or False: Genesis 1–11 does not really tell us 'why' God created. It tells us 'how' God created. The rest of the Bible tells us 'why' God created and the implications of what happened in the Garden of Eden.
9. True or False: 1 Timothy 2:15: "Yet she will be saved through childbearing—if they continue in faith and love and holiness, with self-control." This verse says that women will be saved by giving birth to many children.
10. 1 Corinthians 15:45 says, "Thus it is written, 'The first man Adam became a living being'; the _____ Adam became a life-giving spirit."

11. What are some New Testament teachings that are based on the Genesis account of creation and the Fall?
 - a. The incarnation and virginal conception
 - b. Original sin and a restored world without sin, death and suffering
 - c. The Gospel and the atonement
 - d. All of the above
12. Man's fall into sin caused the earth to bring forth _____ and thistles. The _____ that came into this world as a result of the Fall, were now symbolically placed on Jesus, in the form of a crown, as he hung on the cross to pay the penalty for sin.
13. The fossil record show evidence of which of the following?
 - a. Cancer and arthritis
 - b. Broken bones
 - c. Bite marks
 - d. All of the above
14. True or False: The rock layers, with their fossil record of disease, suffering, and death, are for the most part a record of the global Flood in Noah's day, something that must have occurred after Adam fell into sin.
15. True or False: If you believe in evolution, you are implying that millions of years of death and suffering are a good thing that leads to the origin of man (which undermines the Gospel, which says that man's actions brought death into this world).
16. Clues in Scripture would indicate which of the following is/are true?
 - a. The Fall had to occur after Creation Week
 - b. The Fall had to occur before Cain was conceived
 - c. The Fall probably occurred before the first female cycle was completed
 - d. The Fall had to occur at least a few days after creation week
 - e. All of the above
17. When did Satan fall into sin?
 - a. Before Day 1 of creation
 - b. Between Genesis 1:1 and Genesis 1:2
 - c. After Creation Week and before Adam and Eve sinned
 - d. None of the above
18. God is a _____ judge.
19. The last enemy to be destroyed is _____ (1 Corinthians 15:26).

20. True or False: Christianity has a satisfactory answer to the problem of evil.

SESSION 9

The Pre-Flood World

with Dr Jonathan Sarfati

1. True or False: In Genesis 4:1-2, when Eve said, "I have gotten a man: the LORD," she correctly understood that the Redeemer promised in Genesis 3:15 was both God and man, but wrongly thought that her first born was this Redeemer.
2. God accepted Abel's offering and rejected Cain's because:
 - a. Abel's offering was a blood sacrifice while Cain's lacked this
 - b. Abel had a righteous heart unlike Cain
 - c. a and b
 - d. None of the above
3. True or False: Jesus affirmed that Abel, a real person, was murdered.
4. Whom did Cain marry? _____
5. What is the main *biological* problem with marriage between close relatives today?
 - a. From the beginning, God forbade marriage between close relatives
 - b. Offspring inherit the same harmful mutation from each parent, with no 'backup copy'
 - c. Parents with similar blood types should not have children
 - d. All of the above
6. True or False: Marriage between close relatives was not a biological problem in the first generations because God created Adam and Eve 'very good' (Genesis 1:31), without harmful mutations.
7. What was the biological relationship of Sarah to Abraham? _____
8. What people group did God entrust with His oracles (the Scriptures?) _____
9. When did God forbid marriage between close relatives?
 - a. When Cain married his sister
 - b. Moses' time
 - c. From the beginning
 - d. God never prohibited close intermarriage
10. True or False: All Cain's descendants were ungodly.

11. Name some inventions by Cain's descendants:
 - a. Nomadic flock-keeping
 - b. Musical instruments
 - c. Metal working
 - d. All of the above
12. True or False: Eve considered Seth to be a replacement for Abel.
13. Matthew's genealogy follows the legal line through Jesus' adoptive father, _____, while Luke's line is through Jesus' mother, _____.
14. True or False: Genesis 6:3 says that people will no longer be able to live past 120 years old.
15. In the Hebrew Bible and Septuagint, outside of Genesis 6, to whom does the phrase 'sons of God' refer? _____
16. In Jude 6–7 and 2 Peter 2:4–6, what angels are referred to?
 - a. The Heavenly Host present at the birth of Jesus
 - b. Those in Genesis 6 who were like the people of Sodom and Gomorrah who indulged in sexual immorality
 - c. The Archangels
 - d. All of the above
17. According to 2 Peter 2:4-6, how many people did God preserve when He sent the Flood?

18. What does the Hebrew word *nephilim* mean?
 - a. 'They who fall upon'
 - b. Giants
 - c. 'Those from other lands'
 - d. All of the above
19. True or False: The Septuagint translated *nephilim* as 'giants' (*Gigantes* = 'born of the earth goddess'), but later translations reverted to the original Hebrew word *nephilim*, referring to semi-divine parentage of the *nephilim* fathered by 'sons of God'.
20. True or False: Numbers 13:32–33 proves that the Bible teaches that some of the *nephilim* survived the Flood.

SESSION 10

Noah's Flood and Billions of Years

with Dr Robert Carter

1. Genesis chapters _____ through _____ describe the worldwide Flood.
2. Approximately how long was it between Creation and the Flood?
 - a. 10,000 years
 - b. 5,500 years
 - c. 4,000 years
 - d. 1,600 years
3. The reason God sent the Flood was due to increasing _____ on the earth.
4. The Ark Noah built was how long?
 - a. 100 cubits
 - b. 200 cubits
 - c. 300 cubits
 - d. What's a cubit?
5. After the Fountains of the Deep erupted and the Windows of Heaven were opened, the Ark began to float. How long was it before it touched ground again?
 - a. 40 days
 - b. 7 months
 - c. 10 months
 - d. 1 year
6. The total amount of time spent aboard the Ark was approximately:
 - a. 40 days
 - b. 7 months
 - c. 10 months
 - d. 1 year
7. Noah survived the judgment of God through _____, giving us a beautiful parallel to salvation that would be revealed to us in the future New Testament.
8. One of the main aspects of the Flood, according to the Bible, was that it was:
 - a. Local
 - b. Global
 - c. Mythical

9. The Hebrew word *kol* basically means _____ and its frequent use indicates the universality of the Flood.
10. True or False: The Flood is not mentioned in the New Testament.
11. The reasons why a 'local' flood is untenable include:
 - a. The birds could just fly away from a local flood
 - b. The biblical text clearly indicates a worldwide flood
 - c. The ark could not land in Ararat if the water were flowing downhill
 - d. All of the above
12. The evolutionary model claims that millions of years are in the _____ between the layers, but when you examine those places you rarely see any evidence of _____, because there is not much evidence of the erosion that would have taken place.
13. The two main 'big picture' predictions of the Flood are evidence of massive flat layers covering continents, stacked like _____, and massive amounts of erosion caused by flowing _____.
14. The natural process that causes super-fast erosion when flowing water reaches a critical speed is referred to as:
 - a. The Recessive Stage
 - b. Cavitation
 - c. Dissolution
 - d. Mabbul
15. True or False: Mount Everest was covered by Flood waters.
16. Finish the quote from the video: "Mount St Helens gives us an amazing testimony that a lot of _____ can happen in a short amount of time."
17. Which of the following is NOT true?
 - a. Dead fish must be buried quickly to be preserved.
 - b. Polystrate fossils are hard to explain under uniformitarian assumptions.
 - c. The fossilization of 'soft parts' is a challenge for evolution.
 - d. Rocks easily bend.
18. The model for accelerated continental plate motion during the Flood is called _____.

19. Reasons we do not find many human fossils include:
- The order of burial
 - Ecological zonation
 - Possible subduction
 - Erosion of top-most layers
 - All of the above
20. True or False: One possible way freshwater fish survived the Flood was by staying in an upper layer of freshwater, since freshwater is less dense and therefore floats on saltwater.
